USSVI Creed

Nearly 4,000 submariners have sacrificed their lives on the altar of American freedoms. It is the primary mission of USSVI to perpetuate their memory through memorials and "tolling the boats" memorial services. Per the USSVI Constitution Article III the Purpose/Creed consists of three sections:

Creed:

Section 1: To perpetuate the memory of our shipmates who gave their lives in the pursuit of their duties while serving their country. That their dedication, deeds, and supreme sacrifice be a constant source of motivation toward greater accomplishments. Pledge loyalty and patriotism to the United States of America and its Constitution.

Camaraderie

Section 2: In addition to perpetuating the memory of departed shipmates, USSVI provides a way for all Submariners to gather for mutual benefit and enjoyment. The common heritage as Submariners is strengthened by camaraderie. USSVI supports a strong United States Submarine Force.

Perpetual remembrance

Section 3: The organization engages in various projects and deeds that bring about the perpetual remembrance of those shipmates who have given the supreme sacrifice. USSVI also endeavors to educate all third parties it comes in contact with about the services United States submariners performed and how the sacrifices of lost shipmates made possible the freedom and lifestyle Americans enjoy today.

CO's Stateroom— Carolina Piedmont Base Commander Rick Petitt

This will be my inaugural article to the Piedmont Periscope as Commander and I hope it meets the high standards set by Steve Bell. For the past several years, we have been extremely fortunate to have the leadership of Steve Bell, Jack Jeffries, Raymond Zieverink and Michael Hubbell as officers of the Carolina Piedmont Base. For Steve and Michael, who are not returning as officers, all I can say is Thank You, Thank You, Thank

You - all you have to do is look at the numerous awards and accolades that have been bestowed upon the Carolina Piedmont Base over the years to see how much you have contributed. These awards are the product of the hard work and dedication from You - our members and everyone knows that leadership is only as good as their crew and this crew is exceptional.

I know how much time and effort Steve has put into this organization to make it run smoothly and efficiently. Steve set the bar very high with his level of dedication and attention to details and I intend to give my best effort in reaching that bar. Your contributions as a base will be invaluable to me and I will need everyone's help to maintain a high level of service and who knows maybe together, we can reach a little higher.

One of our goals for the future will be to continue to recruit new members and to do what we can to attract some of the younger Submarine sailors who we know are out there. I am very excited with the

younger members that have recently been added to our roster. It is very exciting to hear someone say that they qualified in 1993 or 2003.

These guys are a great asset to our base and will help us thrive in the future. Joel Sparnon is going to be the COB and he is one of our 'Next Generation'. Thanks Joel for stepping up.

Thank you all for the confidence you have bestowed upon me - it is truly an honor. And thank you for the guidance and feedback I know you will provide so that we can continue to improve our base and keep our reputation front and center in the USSVI organization. I will work hard to keep your confidence and if I make any mistakes, please don't hesitate to let me know. (Yeah, like all Bubbleheads are shy and don't express their opinions.)

Let the adventure begin.

XO's Stateroom — Vice Commander Jack Jeffries

What a great month May has been, we were in Burnsville for our annual visit to WWII memorial and to honor our brothers of the phin that were lost. The event was well organized by the USS Asheville base and we had shipmates from as far away as Texas, Virginia and upstate New York (National Commander Al Singleman) in attendance. A Holland Club induction ceremony was conducted by District Commander Steve Bell for Rudy Ogas and Ron Busila, the base had 5 new Holland Club inductees and 4 of them qualified on the same

boat (Nathanael Greene). We also conducted a rehearsal of our new Half Way Nite presentation that is a parody of the old Ed Sullivan show, Dale Moses wrote the script for this and it was well received. On Memorial Day our Color Guard was honored to present the Colors as well as the MIA/POW and the USSVI flag at the Memorial Day game at the Charlotte Knights new stadium. We would like to welcome a new member of our base, Bill Quailes MMC (SS) who also qualified on the Nathanael Greene. Bill came to us after being a member of the MAL base. He may have a little trouble attending meetings since he resides in Titus Alabama. A quick note for members residing in North Carolina, if you desire to have the Subvet license plate for your vehicle, sorry they don't have one for motorcycles yet, the cost is \$10 per year and can be ordered at your local DMV office. At our next meeting 20 June our new base commander Rick Petitt and new secretary Tom Kelly will be

sworn in, Raymond Zieverink and I was sworn in at Burnsville. I would like to take the time to Thank both Steve Bell and Mike Hubbell for the fine leadership they demonstrated during their time in office. I am confident that we will continue the tradition that they established. I have been informed by our base librarian that the books have all been logged in and are ready for your pleasure, Thank You Steve for undertaking this task. I have emailed the procedure to our member for checking out the books but if you lost it, I can send it to you again. I know it is a ways off but please mark your calendars for the 4th Saturday in September as we once again will have our annual gathering and meeting here at Lady J's and my place, more info as we get closer. I hope to see you at our next meeting the 20th. God Bless and keep you safe.

From The COB—Joel Sparnon MM2(SS)

I want to start my first Piedmont Periscope submittal by expressing my gratitude to the base leadership for their confidence in my ability to handle the task as your new COB. I look forward to serving as your COB and working hard to aid in our mission of perpetuating the memory of our shipmates who gave their lives in the pursuit of their duties.

I wanted to also thank Moe again for coordinating the color guard and night out at the Charlotte Knights baseball game. It looked like everyone had a great time and it was an awesome opportunity for the Base to present the

The SK is now able to order patches from BC Patch LLC at wholesale prices. This is usually \$2 - \$3 less per patch than we normally see. Let the SK know what you need.

Chaplin's Corner

It's hard to imagine but it was 47 years ago this past May 22nd that we lost the USS Scorpion SSN-589.

A brief note about Diana... her surgery went well and she has had no pain in the incision. She gets 36 staples removed next Tuesday, June 9.

Subvets have habits! Some good

and some not so good. If you have a bad one you have probably found it difficult if not impossible to quit. You have probably discovered that willpower alone doesn't usually work.

Jesus told a story that illustrates the most important single principle in breaking a sinful (bad) habit. Besides, no one wants to break a GOOD one! Jesus tells about a man who was inhabited by an evil spirit. When the demon was expelled, the evil spirit passed through waterless (dry) places, seeking rest. Finding none, it decided to return to the man. To the demon's satisfaction, he saw that his original living space was unoccupied. The demon then found seven other spirits even more evil than itself to go and live also. Sadly, the man, who just a short time earlier had been dancing with joy, was now worse off than he had been before (Luke 11:24-26).

The man failed in his quest for freedom because he didn't understand the principle of replacement. None of us can overcome evil by simply renouncing it. We must substitute that which was evil and replace it with that which is good. Sinful habits can-

not be broken without replacing them with righteous (good) ones.

Try this simple experiment. Think of the number eight. Have you visualized it? If yes, then use your willpower to stop thinking about the number eight right now!

You will find that you can't do it because we cannot by sheer willpower stop thinking about the number eight. When you try to push it out of our mind it actually causes us to focus our attention on it.

We can, however, push it out of our minds by thinking about something else. Something like remembering things about your mother while growing up or some other person who was significant in your early years. Reminisce about your family, whether you are still connected with them or disconnected. When you concentrate on the new information, you will stop thinking about the number eight.

The Apostle Paul in writing to the Christians in Philippi shares what will cause us to experience the peace that only God can give.

Philippians 4:8-9 Finally, brethren (brothers and sisters), whatever things are true, whatever things are noble, whatever things are just, whatever things are pure, whatever things are lovely, whatever things are of good report, if there is any virtue and if there

is anything praise worthy meditate on these things. The things which you learned and received and heard and saw in me, these do, and the God of peace will be with you.

Color Guard

Guys,

I have not heard from two members, but the majority of the Color Guard (all but one) said to go with **BLACK** (not dark blue) pants year around. We will go with that. Please ensure you have **BLACK** (NOT **DARK BLUE**) dress slacks (NOT Jean or cargo pants) available for our next event.

Also, if you have any contacts at the speedway, please sent them to me. If you can think of any other events where a Color Guard is needed (awards, programs, High School games, etc) please let me know. – Moe (SS)

Bildge Rat Productions

Become a "Bilge Rat"!

The "Bilge Rats" as they have become to be known are look for new volunteers to join there group of "traveling performers". These are the Base members and Subvettes who travel to the various As-sisted Living Homes around the area and put-on a "Halfway Night Show" for the local residents.

If you can sing, play an in-strument, or just lip-sync like and want to have a good time like the rest of us, then you need to join in the fun. It really is rewarding. This will start our fifth season. We do skits, sing-a-longs, anything to get the "old

folk" to have a good time and bring some much need-ed smiles.

Rehearsal for our "Ned Sullivan Show", an Ed Sul-livan Show parody is now being held. If you and/or your spouse are interested, please contact Moe(SS) at 980-422-2749 in the late afternoon or early eve-nings. Or e-mail Moe(SS) at donutdad@att.net and he will return your call/e-mail.

Brothers:

This is a reminder to you that we now have can man: Steve Bell. Please bring your crushed aluminum cans to the meeting. The money the base makes goes to our National Scholarship Fund. Just deposit in tied down plastic bags in-to the back of Steve's truck.

Thanks!

From the school visit coordinator:

We have picked up two new schools to visit with our Submarine Life question and answers: Fort Mill High School and Nations Ford High school. Both ROTC commanders are happy to have us visit their schools. We have just visited Nations Ford HS, and we will be visiting Fort Mill HS later this year. We also have York Technical H.S. as well coming up. Dates to follow....

If you have not yet visited a school for a session, now is your chance. See Jack for a place.

Cold War Medal update:

Cold War Medal Update 05 ► H.R.2067 | Recognition Overdue

As Americans, we have a long and storied tradition of honoring the millions of men and women who have served our country throughout generations of armed conflict. We have built memorials and museums, issued medals, and designated national holidays to commemorate our veterans' service and ensure that their legacy will live on for generations to come. There also lie heroes that time has forgotten - whose names and actions are not written in the text of history books or etched into the walls of memorials. Millions of brave service members whose commitment to our nation ended the Cold War, after more than forty years. They worked quietly, or behind the scenes but prevented the world from dovetailing into nuclear war.

While the world was focused on wars raging in places like Korea and Vietnam, these men and women worked tirelessly to ensure that the tens of thousands of nuclear missiles the United States and the Soviet Union had aimed at each other's shores were never launched. They served on remote B-52 bomber bases, maintained missile silos, defended checkpoints and gathered intelligence in order to save our nation, and the world, from the devastating consequences of a nuclear catastrophe. The Cold War ended on December 26, 1991, but our heroes received no parades, celebrations or even so much as a public thank you. Although there were no major battles or combat over the forty-four year span of the Cold War, it is what these men and women prevented from happening that deserves our highest honor and appreciation.

It is long past time that our Cold War veterans receive the proper recognition that they deserve. While Democrats and Republicans rarely agree on much in Washington these days, honoring our veterans is an issue that transcends party lines. That is why Reps. Steve Israel (D-NY) and David Jolly (R-FL) reached across the aisle to introduce legislation that will award a military service medal to members of the Armed Forces who served honorably during the Cold War. The Cold War Service Medal Act of 2015 (H.R. 2067) authorizes the Secretary of Defense to issue medals to members of the U.S. Armed Forces who were honorably discharged after having served on active duty for at least 24 consecutive months during the Cold War, deployed outside the continental United States for at least 30 days during those years, or performed other Cold War service as the Secretary of Defense may prescribe.

The bill's sponsors are urging their colleagues to bring this legislation to the floor of the House for a vote. They owe it to Cold War veterans and their families to show them the respect and appreciation for their valor and the silent sacrifices they made to protect our country and our freedom. It is never too late to right a wrong, and presenting these men and women with the medal they have earned is the least we can do to honor their courage and their sacrifice. Without them, the war that never was, could have been the war to end all wars. [Source: The Hill | Reps. Steve Israel and David Jolly | May 25, 2015 ++]

Meeting Dinners

Our dinners prior to our meetings are usually “pot-luck”. Our ladies, who take pretty good care of us and support our efforts as well as their own projects, put together a great meal.

It is pot luck and everyone that attends the dinner should contribute something, whether home-made or store-bought.

The meal also is one of our main fund raisers. A six dollar donation is suggested for each person eating. From that six dollars, a dollar goes to the USSVI Scholarship Fund. The remainder is divided between the Base membership and the SubVettes membership.

All in all, the money is put to good use supporting the activities of both groups. The meals are always great and there are usually plenty for those who wants seconds.

So please, if you are going to attend the meal, please bring something and please contribute to our causes. You’re not going to get that great of deal at any restaurant. And you’ll be supporting great causes.

Dead-line for the July issue will be the 15th. Thanks!

A Prayer from the George S. Patton Archives rarely heard by the general public

I am sure that all of us brothers have watched the famous movie “Patton” and are now familiar with the famous prayer that he asked a Methodist Chaplin to create for him on the subject of the bad weather threatening the relief of Bastogne and the rescue of the 101st Airborne who were surrounded. What very few of us have heard is his prayer the next morning in front of a small Catholic chapel in Bastogne, drops to his knees and prays. Here is that prayer.

General George S. Patton, The Next Morning after the Relieving Bastogne:

“ Sir, this is Patton again,” he begins with an air of contrition. “And I beg to report complete progress. Sir, it seems to me that You have been much better informed about the situation than I was, because it was that awful weather which I cursed You so much which made it possible for the German army to commit suicide. That, Sir, was a brilliant military move,” and I bow humbly to Your supreme genius.”

Note: If you have ever watched “Band of Brothers” you will also be reminded that the 101st Airborne never thought they need to be rescued anyways. LOL!

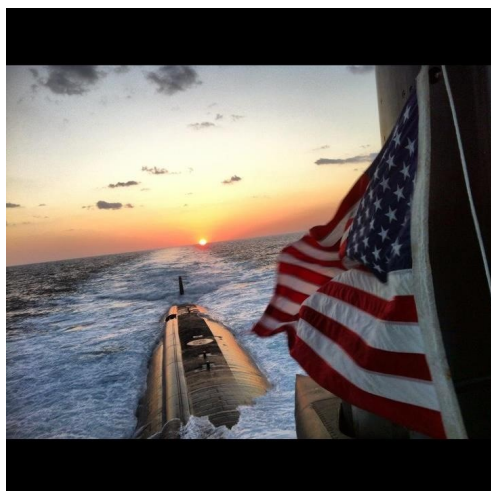

The Jolly Roger and the Submarine Service

Main article: Jolly Roger (From Wikipedia)

British Admiral of the Fleet Sir Arthur Wilson VC, the Controller of the Royal Navy, summed up the opinion of many in the Admiralty at the time when he said in 1901 "[Submarines are] underhand, unfair, and damned un-English. ... treat all submarines as pirates in wartime ... and hang all crews." [19][20] In response, Lieutenant Commander (later Admiral Sir) Max Horton first flew the Jolly Roger on return to port after sinking the German cruiser SMS Hela and the destroyer SMS S-116 in 1914 while in command of the E class submarine HMS E9.
