US NAVY SUBMARINE "CHEF" RECIPES

Hello Base Commanders,

I would like to introduce myself to you and your USSVI Base. My name is Wally Gage and I'm an Old Chief Torpedoman that qualified on the USS Volador (SS-490) in 1956. I am a member of the Ozark Runner Base of the USSVI in Springfield, MO. Our Base Commander is Ron Athey.

I recently wrote a cookbook, **US NAVY SUBMARINE "CHEF" RECIPES** of all the recipes that were used on US Navy Submarines and reduced them down to family portions. All the recipes that will bring back the memories of poking holes in the ocean and hot bread for "Mid Rats." I also put a section in it as a tribute to all 65 lost submarines and the crews. In addition to that I have a section describing the location of all the US Navy Submarine Museums.

I just started marketing the book and so far I have gotten great reviews. I have a website that outlines ways that the USSVI Bases can take advantage of the book as a fund raiser. I have set up several book signings at different submarine reunions.

George Mason, who is the Vice Commander of the Ozark Runner Base will have the book on display at the USSVI Cincinnati Convention. Our base will have a booth there for information about the 2011 USSVI Convention that will be held in Springfield, MO.

In addition to utilizing it as a USSVI Base fund raiser, it can generate funds for the many Submarine Reunions held each year. After looking at my website, please call me or e-mail me about ways to get started using it as a fundraiser.

I have a program available for the USSVI Bases to get started without spending up front money. I hope to hear from you in the near future. Please call or e-mail me for details. After seeing this cookbook, I'm sure you will agree that it is worth every dime it cost and then some. If you desire, I will sign the cookbooks.

Be sure to check out my website at www.SubmarineVeteransCookbook.com

Thank you for your time,

Sincerely Yours,

Wally Gage
